# Click on Health Risk Assessment

The screenshot shows a patient profile in a PHM Hub. The left sidebar contains navigation options: Patient Hub, Health Risk Assessment (highlighted with a yellow circle), Problems, and Care plan. The main content area displays patient information for 'TEST, TEST', including age (57 Y), date of birth (01/20/1960), address (123 Main Street Anytown MA 01234), and phone number (508-836-2700). Below this is a 'Patient Details' section with fields for Ethnicity (Hispanic or Latino), Language (English), and Interpretation needed (No). An 'Emergency Contact' section is also present. The right side of the page shows 'Problem(s)' (Alzheimer's, Diabetes mellitus, Rheumatoid Arthritis/OA) and 'Enrolled to Program(s)' (CMS). The 'HRA Risk Score' section shows a calculated score of 0/210 and a final score of 80.0. The 'Last Appointment' is on Sat, 20:55:00 PM, Nov 11, 2017, and the 'Next Appointment' is 'No Appt.'. An 'Action Plan' section lists 'GOALS' with a safety/prevention goal: 'Patient/Client will utilize assistive devices to improve gait and stability'.

# Add Assessment, select HRA on drop down

Select any DX that applies, click on next section

The screenshot shows the PHM Hub interface. The main window is titled 'Questions & Answers'. On the left sidebar, there are several sections: 'Disease Burdens', 'Self-Care Capacity', 'ED Visits', 'Inpatient Admits', 'HCC / Risk Score', and '# of Chronic Medications'. A yellow arrow points to the 'Disease Burdens' section. The 'Answers' section is highlighted with a yellow circle and contains a list of medical conditions with checkboxes:

- Asthma
- Cancer, Stage 1,2, 3, 4
- CKD / Renal Failure, stage 1,2,3, 4
- Congestive Heart Failure
- COPD / Chronic Lung dx
- Diabetes Type: I / II or pre-DM / Imp. Gluc
- Hypertension
- Hyperlipidemia / CAD
- Heart Disease
- Liver Failure
- Other Chronic Condition
- Chronic Pain
- Acute Myocardial Infarction

At the bottom right of the interface, there are two green buttons: 'Close' and 'Clear'.

# Click on SAVE when done

The screenshot displays the PHM Hub interface for a patient named 'TEST, TEST'. The patient's profile includes a photo, name, age (57 Y), date of birth (01/20/1960), address (123 Main Street Anytown MA 01234), and phone number (508-836-2700). The 'Problem(s)' section lists 'Alzheimer's', 'Diabetes mellitus', and 'Rheumatoid Arthritis/OA'. The 'Enrolled to Program(s)' section shows 'CMS'. The 'HRA Risk Score' section features a dropdown menu set to 'HRA' and two circular progress indicators: a 'Calculated' score of 21 (44/210) and a 'Final' score of 80.0 (80.0). The 'Last Appointment' is scheduled for Saturday, November 11, 2017, at 20:55:00 PM. The 'Next Appointment' is currently 'No Appt.'. A yellow circle highlights the 'Calculated' risk score of 21.
