

East Hawaii IPA

2018 East Hawaii IPA Healthcare Symposium
Advancing Well-being for Patients, Providers and Organizations
August 17, 18 & 19, 2018
Fairmont Orchid Hawai'i Hotel, Waikoloa

The American healthcare system is continually morphing with changes in technology, government reimbursement programs, care delivery systems and the demographics of patients and providers. At this conference, we will share how individuals and organizations have successfully weathered these sea change shifts finding innovative solutions to a myriad of simultaneous challenges. We will hear about tips, tricks and tools from national leaders who continue to advance the well-being of their organizations, colleagues and patients while driving change in behaviors and systems.
