

Advance Health Care Directive

Do You Have One?

COMMUNITY
FIRST

An Advance Health Care Directive is an important document so that they won't have to guess what you would want if you are no longer able to speak for yourself.

If you already have a Living Will, a Health Care Power of Attorney, or an Advance Health Care Directive, learn how to review it to be sure it meets your needs.

It's not easy to talk about how you want to be cared for if you become unable to make decisions for yourself, but it's one of the most important conversations you can have with your loved ones.

Share your family and loved ones with important topics together.
