SBIRT (Screening Brief Intervention & Referral to Treatment) – Adults Alcohol & Drug Abuse Friday, June 14th, 2019

EHI received supplemental funding from the Hawai'i State Department of Health, Alcohol and Drug Abuse Division for SBIRT. Our goal is to screen patients, perform brief intervention(s) and refer to treatment as appropriate on a sustainable basis. This informational meeting will cover how your clinic might use IT tools (software and tablets) to help you screen patients more efficiently without paper. Learn how the IPA will provide training, software, and tablets to help you screen easily and earn incentives.
