

The Opioid Epidemic & Medication Assisted Treatment (MAT)
Presented by James Westphal, MD, Beacon Health Options*

You are cordially invited to this workshop to learn about the scope and scale of the opioid epidemic both nationally and in Hawai'i, and options for Medication Assisted Treatment (MAT) for addressing overdoses, neonatal abstinence syndrome and reducing illicit drug use. The session will also review Centers for Disease Center guidelines for treatment of chronic pain.

Approved for 1.5 AAFP Prescribed credits.
