

# Ask your pharmacist about injections with more comfortable needles<sup>1-3\*</sup>

Experts recommend that all people with diabetes inject with the shortest needles available, like:<sup>1</sup>

## BD Veo™ Insulin Syringes with BD Ultra-Fine™ 6 mm Needle†

## BD Nano™ Ultra-Fine™ 4 mm Pen Needles

Covered by most insurance plans at the preferred co-pay, including Medicare Part D<sup>‡</sup>

\*Compared to longer needles. †Excluding safety syringes used in hospital settings. ‡Co-pays and preferred status vary by plan.
