TRUEplus® 5-Bevel Pen Needles

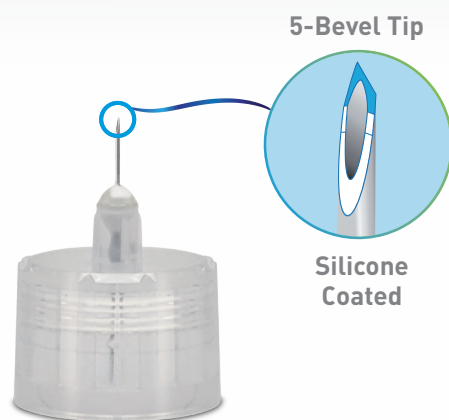

Designed for Extraordinary Comfort

TRUEplus® 5-Bevel Pen Needles

are especially designed to offer a comfortable injection experience. The 5-Bevel pen needles feature a unique needle design to help reduce the frequency of painful injections¹ and increase patient acceptance.²

The TRUEplus® 5-Bevel pen needles are approved in laboratory testing, passing microbiological examination and quality criteria evaluation.³

5-Bevel Tip Design has:

Comfort

- No burrs or surface imperfections on needle
- Silicone coated

Safety

- Safety cap
- Sterile, single-use needles

Ease-of-Use

- Clear cap with secondary color coded cap for easy needle size recognition
- Compatible thread that provides easy attachment on to the pen injector

TRUEplus®

TRIVIDIA
HEALTH™

TRUEplus® 5-Bevel Pen Needles are compatible with a wide variety of injector pens.
